RE: 2023 Calendar Year Employee Elective Contribution Election

Dear Participant;

As an active participant of the MCASF Local 725 Defined Contribution Retirement Trust Fund, the Collective Bargaining Agreement requires your employer to remit contributions based on your job classification for hours you are paid in a year on your behalf to the Trust Fund.

In addition to the fore-mentioned Employer Contribution, you may elect to have additional Employee Elective Contributions remitted on your behalf for hours you are paid during 2023.

Elective Contributions through this Plan provide you with a powerful tool to build your retirement savings. Elective Contributions go into your account in the Plan on a pre-tax basis, with no federal income tax deducted on the contributions. This will typically reduce your taxable income, and as a result the amount of federal tax deducted and paid to the government. Social Security and Medicare taxes are still collected on your Elective Contributions. The following example shows the difference in spendable income when making Elective Contributions to the Plan:

	Savings Made on Your Own	Contribution to the Fund
<b>Example</b>	<b>No Elective Contribution</b>	<b>\$4.00 Elective Contribution</b>
Weekly Gross Pay	\$1,567.20	\$1,567.20
Elective Pre-Tax Deferral	\$0.00	\$160.00
Adjusted Gross Pay	\$1,567.20	\$1,407.20
Federal Tax Deducted	\$244.48	\$219.52
Social Security/Medicare	\$119.89	\$119.89
Non-Fringe Deductions	\$53.54	\$53.54
Net Pay	\$1,149.29	\$1,014.25
Difference in Spendable Income		less \$135.04
Amount Saved for Retirement	\$0.00	\$160.00
Tax savings		\$24.96

This example assumes you work 40 hours in a week, electing a \$4.00 Elective Contribution. Every week \$24.96 of the \$160.00 Elective Contribution is made up by tax savings. Over a year, you would save \$8,320 toward retirement and would contribute a total of \$249,600.00 over a thirty-year career at this contribution rate. This is before adding investment on the Elective Contributions.

Before deciding whether to submit the attached election form, which will commit you to having Elective Contributions deducted from your gross pay and paid to the Defined Contribution Retirement Trust, you should consider the effects this decision might have on your net take-home pay. Please consult with your personal financial and tax advisors for guidance.

The calendar year 2023 maximum amount of Elective Contributions that may be remitted on your behalf is **\$22,500**. If you will be at least 50 years old on December 31, 2023, you may elect to have additional “catch-up” employee elective contributions remitted on your behalf in addition to your Employee Elective Contributions. The calendar year 2023 maximum amount for the “Catch-Up” Employee Elective Contributions is **\$7,500**.

Once you have met the maximum amount allowed, no further contributions will be remitted by your employer on your behalf for the remainder of 2023.

This election is for the entire year and cannot be changed. Your election form must be received by **November 30, 2022**, for the calendar year 2023. If your form is not received by that date, you will not have Employee Elective Contributions remitted on your behalf for the hours you are paid in 2023. There are **no** exceptions.

As this is an election for the full year, if during the year, you change employers, you must inform your new employer of this Employee Elective Contribution Election.

Again, you should consult with a financial advisor/tax consultant prior to submitting your election.

Sincerely,  
Board of Trustees
